

## **PUBLIC ADVISORY**

This is to inform our member consumers that the National Grid Corporation of the Phil. (NGCP), the operator of the country's transmission system, issued a Red Alert notice on June 1, 2024 at 3PM. BENEKO received the said notice through email at 6:01 PM. The notice said the Red Alert will run for interval hours from 3PM to 12 midnight. A notice for Red Alert is issued when the power supply is insufficient to meet consumer demand. As the transmission operator, the NGCP had to implement Manual Load Dropping (MLD) or forced rotational power interruptions in some areas in order to properly distribute the insufficient power supply among distribution utilities and to protect the integrity of the transmission system. A lot of electric cooperatives were affected by the MLD and that included BENEKO.

BENEKO seeks the understanding of our MCOs for the power interruption that happened yesterday. The power may not have been restored as soon as possible but there are safety protocols that need to be strictly observed.

Thank you.

## **PAMPUBLIKONG PAGPAPAYO**

Nais naming ipaalam sa aming mga member consumers na nagpalabas ng abiso ang National Grid Corporation of the Phil. (NGCP) ukol sa Red Alert noong June 1, 2024 ng alas tres ng hapon. Natanggap ni BENEKO ang abiso sa email ng 6:01 PM. Sinabi ng abiso na ang red alert ay magaganap anumang oras mula alas 3 ng hapon hanggang alas dose ng gabi. Nagpapalabas ang NGCP ng abiso ng Red Alert kung may kakulangan sa supply ng kuryente. Dahil dito, and NGCP ang nagtakda ng Manual Load Dropping (MLD) na kung saan ay magkakaroon ng pansamatalmg pagkawala ng kuryente sa mga apektadong lugar.

Ginagawa and MLD upang maipamahagi ng tama sa mga distribution utilities o electric cooperatives and manipis na supply ng kuryente at upang mapanatili ang integridad ng sistema. Maraming kooperatiba and nawalan ng kuryente at kasama na dito ang BENEKO. Hindi man agad naibalik ang kuryente kagabi pero ito ay dahil kailangang sumunod sa mga safety protocols o alituntunin ukol sa kaligtasan sa panunumbalik ng kuryente.

Ang BENEKO ay humihingi po ng paumanhin sa nangyaring pagkawala ng kuryente kahapon. Salamat po sa inyong pag-unawa.
